

## THE GIFT OF A LIFETIME

A scared single young woman decides to get an abortion because she has no means of extra support, she only has her job as a waitress at a coffee shop and later on in her pregnancy and after her baby is born she will not be able to work or pay the rent and wind up homeless. The day of her abortion 3 men are seen standing on the sidewalk across the street from the abortion clinic, the young woman walks over to the men as they invite her over for a talk.

The first man to speak to the woman is a Democrat who is Pro-Choice. the Dem said, "Now don't pay any never mind to those other two guys, you go right ahead with your choice, I support your choice in choosing to get an abortion. After all its your body and no one should have the right in telling you what you can and cannot do with your own body, so just ignore what these two fools have to say and walk in those doors and get your abortion."

The second man was a Ronald Reagan Republican, Pro-Life, NRA card-carrying, red-blooded American Trump supporter who looked at the young girl and said,

"Young lady Abortion is DEAD WRONG its murder and you have no right in killing your unborn baby. Now what do you say you just forget this whole ugly abortion thing a ma jig and go home. Pull your bootstraps up young lady you got into this mess and you need to do the right thing for your baby's sake and get yourself out of it. Here, my advice to you is get a second and third job and support yourself and your baby for God's sake"

Now the third man was a Chaplain and he had a completely different approach as he looked at the girl with a kind face and said, "I want you to know you are not alone, the decision to terminate your pregnancy or not is yours to make, but I want you to know I was adopted when I was two months old and I thank God for the parents I received. You see I was born in Oct. 1962 the day before the Cuban missile crises ended. My birth mother was single like you and she already had my sister who was three years older than me. My mother was living with her mother and her daughter and could not afford to keep me.

Right now there is a loving couple out there somewhere who are wanting to adopt, this couple would love your baby as their own but if you go through with your plan all that would never come to pass. I realize you need support in carrying your baby to term and I am willing to help you find a program that will provide help for you.

My adoption went through at Christmas time 1962, I was my Mother and Father's Christmas present and they were mine, now together lets work on giving a loving couple who wants to adopt your baby the gift of a lifetime, ok?

"Thank you Chaplain Paul I want to do the right thing for my baby."

"What is your name young lady,"

"Its Story Chaplain."

"Well I want you to know something Story,

"Jesus loves you and so do I."

Proverbs 3:5-6 Trust in the Lord with all your heart and lean not on your own understanding in all your ways acknowledge Him and He shall direct your paths...Amen John 14:27

Thats me as a baby in this picture with my Father and Grandfather on Thanksgiving imagine that? The story has some real truth to it you see I was adopted at 2 months old in 1962, I was my Mother and Father's Christmas present and they were mine and that was the greatest gift that God could ever give me, the gift of two loving parents and I thank God for His very special gift of life.

God Bless You All Love Chaplain Paul 193 John 14:27

John 14:27 Peace I leave with you, My peace I give to you, not as the world gives do I give to you, let not your heart be troubled neither let it be afraid...Amen
