## Part 7

Exodus 23:25-27 So you shall serve the Lord your God and He will bless your bread and your water, and I will take sickness away from the midst of you. And no one shall suffer miscarriage or be barren in your land; I will fulfill the number of your days. I will send My fear before you. I will cause confusion among all the people to whom you come and make all your enemies turn their backs to you.

Pastor Shon and Rabbi Hersh and Raphael were now located in Anchorage General Hospital in Alaska. I had explained to Margaret that we needed to go to Alaska to be anointed by Pastor Shon, I didn't tell her about the future or that I had already known about having a son. I told her that we needed a vacation and Pastor Shon being the mighty man of God that he is, invited us to come to Alaska to be anointed and to receive a blessing of protection and healing.

We decided to fly up to Seattle and then board a cruise ship headed for Alaska. The cruise ship was named The Galilee and we were very blessed to have booked a really nice suite on board the ship.

Daniel and Pos came along too and Pos got a little seasick at first then Daniel told us that Pos was just kidding, he said positive energy doesn't get sick.

Margaret was now three months pregnant and she did get seasick in the morning but now that I think of it, it was probably morning sickness.

The voyage northward was incredible as we were standing on deck the ocean breeze was exhilarating and we could see the rocky shoreline off in the distance. There was a low hanging mist that looked like the pine trees were covered in smoke. We could hear the sounds of seagulls flying all about and off in the distance we could see seals swimming and fish jumping in the water.

As we got closer to Alaska we began seeing whales swimming off in the distance, then a bald eagle flew right over the ship and suddenly went into a dive and snatched a big fish from right out of the water, everyone who saw it clapped and cheered and took pictures and videos and as I sat there and watched all of this unfold right before my eyes I realized that the greatest show on earth is found in the majesty of God's

creative power in creating all that there is of the mystery and of the beauty and of the wonder of nature.

As our ship sailed into port at Anchorage Alaska we were in awe of the amount of wildlife all around us, then as we were departing from the ship we heard a strange sound and as we looked we saw three killer whales swimming nearby.

Margaret and I checked in to a quaint country bed and breakfast then we decided to go for a little sightseeing and as we walked through the town we saw all kinds of shops and eateries.

The next morning we set out to go see Pastor Shon so he could anoint Margaret and me. When we arrived at his room he was very happy to see us, we talked for quite a while sharing stories about our adventures, then Pastor Shon invited us to be anointed, he looked at Daniel and Raphael and said,

“Well, I wonder where we’ll all be sent this time?”

Then Rabbi Hersh came walking in with some donuts and said,

“Well now this is a surprise, shalom my friends, shalom, peace be with you all.”

Everyone made a circle around Pastor Shon, then Pastor Shon anointed us and proclaimed a blessing of healing and protection over our lives and once again a powerful white light appeared and suddenly Margate and I were transported back in time to the year 1989. We were still in Alaska and Pos and Danial were with us.

Danial looked at me and said,

“Jonny Boy it’s time we returned the favor for Pastor Shon.

Daniel took us to the dock and there standing by a fishing boat was a young Pastor Shon. We watched at a distance then suddenly Pastor Shon slipped on the ice and fell in the water in between the boat and the dock. Pastor Shon could barely stop the boat from crushing him against the dock. Daniel waved his hand and the boat moved away just long enough for Pastor Shon to pull himself from out of the water then Pastor Shon climbed on deck and passed out.

We ran to be by his side, I anointed Paster Shon in proclaiming a blessing of protection and healing over his life and then with a brilliant flash of white light we were transported even further back in time to the year 1898.

Margaret looked at us and said,

“Well Daniel, this is definitely a vacation we will never forget, where are we now anyway?”

“We are still in Alaska in the year 1898, it would seem there is someone here that we are to anoint.”

“O Daniel, I thought Pastor Shon was the one who was doing the anointing here?”

Well, it looks like you now have that honor in this case Jonny Boy.”

I looked down and I noticed I was wearing side arms, how cool is that?

“Don’t get to carried away with yourself John, this is a very dangerous place and a very dangerous time period.”

Black Heart was a gambler, a cheat, and a low-down thief who once was arrested for shooting a man dead in cold blood all because he wouldn’t give up his seat at the poker table at Dollie’s Saloon. Black Heart was now Sheriff Wilber Coleber’s prisoner awaiting trial for

murder. The fact is they had to wait for the District Judge to come through who visited these parts only four times a year and

Judge Palmer wasn't expected to ride through these parts for at least three more months. Black Heart's gang knew this and they were planning to spring their Pal out of jail any day now.

Daniel explained all of this to us then let us know it was Black Heart who was chosen to be anointed."

"DANIEL HOW IN TAR NATION ARE WE GOING TO DO THAT?"

"O are we back to using our western lingo Jonny Boy?"

"Well it wouldn't hurt under the circumstances now would it?"

"No, I guess not, I mean it could be kinda fun."

Daniel looked at me and said,

"Jonny Boy, I am going to make you a bank robber by the name Jonny Oaktree with scars and all and then you are going to be arrested by Sheriff Coleber and placed in the cell right next to Black Heart this is how you'll be able to get close to Black Heart to witness to him, after all outlaws do live by a certain code you know"

"And what about me Daniel? What am I doing while my desperado husband sits in the clink?"

"Margaret my dear you are going to stick by my side, we wouldn't want you getting into any trouble while we are here now would we?"

"Well Ok Daniel, let's get this show on the road so we can go home after all we are on vacation you know?"

"John, go stand outside that saloon over there because Sheriff Colber is about due and when he sees you he will be shaking his head saying,

“This is my lucky day, two outlaws arrested in the same week, damn I should get a raise for this.”

Sheriff Coleber having now seen me motioned his two deputies to circle around and draw their guns on me, I could see what was happening through the corner of my eye but played along anyway.

“All right Jonny don’t move, you are under arrest my friend.”

And with three guns pointed at my head I was disarmed and escorted to jail and placed in the cell right next to Black Heart.

“So your Jonny Oaktree? I’ve heard of you, you are Ok in my book.”

“That damn Sheriff and his deputies got the jump on me over at the saloon. If I get out of here I aint never comin back that’s for sure.”

“Hey Jonny, my Pals are springing me out of this rats nest within the next two or three days or so, hey, you comin with us?”

“Well now how could I refuse a kind invitation like that?”

“Well come to think about it you can’t because I won’t let you.”

“In that case, I’m all in Black Heart.”

Two days went by and no gang, then three, then on the fourth night the Black Heart Gang came a riding into town just as quite as a summer june bug resting on a bullfrog’s back and as the gang approached the Shariff’s office where the prisoners were being housed, Shariff Coleber shouted,

“ALL RIGHT JUST HOLD IT RIGHT THERE, LAY DOWN YOUR GUNS BOYS WE HAVE GOT THE JUMP ON YOU.”

Well the Black Heart Gang was not going down without a fight they dismounted, got behind their horses, drew their guns and began firing, then all hell broke loose,

There were six members of the gang and four deputies and two townsmen and Sheriff Colber. Bullets were a flying everywhere then two of the gang were shot dead in a blazing crossfire. One of the deputies tried running across the street and was killed, then one of the townsmen was hit in the leg. Sheriff Coleber was hit twice in the arm but he was still able to ride his horse out of the line of fire. Two of the gang made it to the jail and broke the door in and a deputy was inside waiting and shot him dead then the other gang member drew his gun and shot him dead and then ran over to free Black Heart.

As Black Heart was being freed he motioned to his Pal to free me then Black Heart was handed two pistols and he through one to me and we ran out the back to hop on our horses thanks to one of the gang members. By this time the law was regrouping so we took off like white lightning headed for the hills. By the time it was over three deputies were killed, one townsman was hit and the other townsman was killed, one deputy was hit in the arm and the leg and Sheriff Coleber was hit twice in the arm and was badly bleeding.

The Black Heart Gang lost three gang members and one was hit in the leg, so with me and Black Heart that made five of us now. We rode off heading towards the mountains east of town. Black Heart told me that he had a hole in the wall hide out in a ravine by a stream where we could hang low and lick our wounds and plan our next heist.

Well, this has certainly been an adventure and I sure do hope Daniel and Pos get here soon, I mean how am I supposed to witness to this guy anyway? OMG!!! And what about Margaret? I hope she is Ok.

I know, this story takes place in Alaska but you have to admit this picture does look kinda cool, just pretend that the cactus is a pine tree, O and because this story is so cool I'm betting there will be a few more parts to it in the future or the past that follow this storyline, see ya soon partner.

Let's close out Part 7 with a scripture verse.

John 15:5 I am the vine, you are the branches, he who abides in Me and I in him bears much fruit for without Me you can do nothing.
