

ALIEN INCOUNTER 2023

An Alien came to earth one day and looked all around. He could not believe his eyes then he addressed the world at the Lincoln Memorial in Washington DC
"People of Earth I have traveled light years to get here and as I examine your species and behavior I am saddened and greatly disturbed. You have been given a wonderful gift of planet Earth it provides you with all your needs but selfishness n greed has only led to poverty, wars, great suffering and disease.

You are all brothers and sisters you are all inter connected and in the grand scheme of things you can't live without each other in fact you need each other to survive but treated each other as intruders, and threats.

You are many different races but are in oneness through humanity, You live as though each of your countries are your own individual planet. You are on the road to destruction and yet refuse to want to work together for the common good of the human race and planet Earth.

The Intergalactic Community of Planets have voted to ban you from exploring outside of your own solar system because you are for the most part a warring selfish prideful unloving self serving arrogant people any a temp to contact any other world until you have changed your evil destructive ways will result in total annihilation of planet Earth...

In closing GET A LIFE AND LEARN TO CARE ABOUT AND LOVE ONE ANOTHER FOR YOUR OWN GOOD PEACE OUT!!!!!!!!!!!!!!!!!!!!!!"

And off he went with the tiniest of hope that the people of Earth could learn to love and care about each other...

John 15:12 And this is My commandment LOVE ONE ANOTHER just as I have LOVED you....Amen
