

## WALK BY FAITH AND NOT BY SIGHT

A man once took his car to his mechanic and asked him to look it over because he was going to drive from AZ to New York and wanted to make sure his car would make the trip.

The mechanic put the man's car on the lift and proceeded to show him some real concerns.

"Hey Jim come over here I want to show you something."

"Yes, what is it? Is something wrong with my car?"

The mechanic began pointing out that there was real wear and tear on his main head gasket and he advised first getting it fixed. The man looked under the car but couldn't see any real concerns.

"I don't see anything that bad, you mean those small cracks? It's nothing I'm not worried about it. Its no concern to me."

The mechanic looked at the man and said with a very stern look on his face,

"You can try to drive this car across country if you want but if you break down you'll be in some very serious trouble, no doubt."

The man went anyway and the rest is history.

The moral of this story, the man fixing the car was a highly skilled mechanic and was trained to see things that the other man just couldn't recognize, and because the owner of the car couldn't see the warning signs he chose to ignore the danger and go anyway which was very foolish.

Similarly, mighty men and women of God who are highly studied and anointed in having been tried and tested through the fires of adversity hardship and suffering can see things in the physical and in the spiritual realms that most people can't see or recognize and yet it's like warning people of the danger they can not see by saying,

"You can try to get through life without Christ if you want but if you should suddenly die along the way you are going to be in some very big trouble.

The key to life and having it more abundantly can only be found through a meaningful relationship with Christ Yeshua our Lord, ask Him to come into your life by giving you living water.
